General Practitioner (VR GP) with an interest in Medical Education

Work type: Contract
Location: Shepparton

Shepparton Medical Centre

About Melbourne Teaching Health Clinics

The Melbourne Teaching Health Clinics (MTHC) was established by the University of Melbourne to operate and manage teaching health clinics that provide students at the University with world class clinical training as a core component of their studies. The organisation also provides continuing professional development training to persons working in the area of health care provision, facilitates research into health outcomes and provides patients with health services at affordable rates.

The Shepparton Medical Centre (SMC) and the Melbourne Dental Clinic (MDC) are two of the five teaching health clinics within the MTHC. The MDC was established by the University of Melbourne in 2013 to provide excellence in clinical education for the next generation of dental professionals and increase access to comprehensive dental care for members of the public. The SMC is a general practice-centred, multidisciplinary teaching clinic, the mission of which is to increase the quality and capacity of medical education for undergraduate and postgraduate medical students and provide high quality, comprehensive general practice care for members of the public.

About the Role

Centrally located in the heart of Victoria’s Goulburn Valley, The University of Melbourne Shepparton Medical Centre is a progressive mixed-billing general practice in a rapidly growing region that delivers high quality patient care and an outstanding learning environment.

We’re seeking a VR GP Medical Educator or someone seeking to develop in this area to join our current team of 8 VR GP’s to take on an existing patient base and assist in supervising our GP Registrar’s and medical students.

We have a collaborative team, with experienced registered nurses and a fantastic reception team that all work closely with our GP’s.

If you want an interesting, fulfilling and fun career with no weekends or on-call roster in a flexible working environment please submit a cover letter and CV through the APPLY FOR THIS JOB button next to the advertisement on the SEEK website.

For inquiries please contact Joanne Kinder on, +613 5823 3133 or alternatively via j.kinder@shepmed.unimelb.edu.au (please do not send applications to this email)

Applications close: Wednesday 19 September 2018
